**1. Phone Consultation --**

Did you hear about some of the new things small-business owners are doing to control customer store-traffic and daily cash-register take? Let's talk about what forms of advertising you have tried. Tell me how has it worked for you. I'll tell you what others like you are doing successfully.

**2. Show me Your Store --**

Let's run a "Customer Profile" -- If you could "order" customers from a "catalog", what is the "ideal" shopper for your store?

**3. "Buried Treasure Hunt" --**

Investigate your options for More Customer-Traffic. Uncover hidden sources of customers you may already have. But, you just can't see them. You will be surprised what Mr. Russo will discover with his marvelous infra-red "Red Hot Dollar" detector. (One local merchant found \$47,000!)

Other clients have paid \$250 - \$500 for this "Buried Treasure Hunt" service. It's Yours, **FREE** -- as a **FREE-Trial** -- with this "First-Time User" Voucher.
